

Intelligent Building Solutions, LLC (IBS) has hired **Nicholas Pisani, LEED AP, IEEE** as senior associate.

Pisani's responsibilities include management of master planning, design/build, owner's representation, feasibility study, commissioning, energy audit, and consulting projects nationwide. He is currently in charge of two data center design/build and utility upgrade assignments in Boston, MA and Charlotte, NC for Digital Realty Trust.

Prior to joining IBS, Pisani had held positions at Lehr Construction Corporation and Tishman Technologies. He also worked as Electrical Engineer and Project Manager at AKF Engineering LLC and Airtron Division of Litton Industries, now Northrop Grumman.

Pisani's experience encompasses \$100 million worth of projects, spanning more than one million square feet of data center, financial/securities trading, telecommunications, and office facilities.

He holds a Bachelor of Science degree in Electrical Engineering from Stevens Institute of Technology in Hoboken, NJ.
